

Emilia Guasch

Currently, I'm Vice-President of my National Society, and I'm also an active member of European Society of Anaesthesia, with responsibilities, mainly in the Obstetric Scientific Sub-Committee, and also in the Gender Equity Committee. In the next few months, I will start as co-opted member of the Nominations Committee, also in the ESA. During the last few years, I've had the opportunity to learn how it is to run a scientific society, and how to negotiate with different societies and members.

I am also the current Honorary Secretary of the European Board of Anaesthesia (EBA-UEMS), where I have had the opportunity to meet different people from many countries. The main goal is to work together for a better and safer anaesthetic care in Europe.
