

I have a track record from serving the Nigerian Society of Anaesthetists as Public Relation's Officer, General Secretary, Vice President and President. I was also Chair of the African Regional Section from 2013 to 2017. I hosted the 7th All Africa Anaesthesia Congress (AAAC) in 2017 and participated in the 8th AAAC in 2019.

Being an insider and scholar-practitioner in Nigeria, I bring to the WFSA Council a wealth of knowledge of Anaesthesia Practice in Nigeria and Africa. I also bring to the WFSA my strategic connections with stakeholders in academia, Medical and Dental Council, Medical and Dental Consultants of Nigeria, Federal Ministry of Health, and professional network from the West African College of Surgeons. As part of the Women Anaesthesia Specialists in Africa (WASA), I am positioned to promote gender diversity and also to mentor younger female anaesthetists practicing in Anglophone and Franchophone African Countries.

Having obtained my MBA from the Frankfurt School of Finance and Management and completed a PhD in International Business Management at the International School of Management in Paris, France; I am well grounded in Management and leadership knowledge and skills required for global leadership which will be an asset to the WFSA.
