

I have collaborated with anaesthesia colleagues in countries throughout Asia and the Pacific over the past 20 years, both with education and service and have previously served on the Publication Committee of the WFSA. Over the last four years, I have had the privilege to serve on Council and deeply wish to continue and strengthen my commitment to the WFSA. I have acquired a sound understanding of the function and vision of the WFSA Council and believe that I can make a substantial contribution, combining my experience, associations and friendships from regional anaesthesia communities and my knowledge of Council and WFSA.
