

I am already a co-opted member of the Council, since 2016 (first term), and I would like to be re-nominated for an eligible second term, not only as a member in good standing with my National Society but especially as a representative of the regional Society the PAFSA.

I have participated in many committee and council activities (Education, translation of ATOTW, Ad hoc Equipment Committee, Ad hoc Gender Balance Committee, all Council meetings during this period, preparation of the 2020 WCA, EPM in the MENA region).

I wish to continue the same activities and be active in others if possible, especially for the MENA region.
